WEDDING SERVICE TONIGHT

Will Occur In the Blue Room of the White House

ONLY SMALL COMPANY

Will Be Present When President's Youngest Daughter is United in Marriage to Secretary of the Treasury McAdoo.

(ASSOCIATED PRESS TELEGRAM)
Washington, May 7.—With a plain circlet of pure gold, typical of the quiet elegance of the ceremony, Miss Eleanor Randall Wilson, youngest daughter of the President of the United States and Mrs. Woodrow Wilson, will be married at 6 o'clock this evening in the White House to William Gibbs McAdoo, secretary of the treasury.

The simple and impressive wedding service of the Presbyterian church will be pronounced by the Rev. Sylvester Beach, pastor of the church in Princeton, N. J., attended by the President and Mrs. Wilson and their family. The ceremony, while it is to be notably elegant in all of its appointments, will be witnessed by the smallest company that ever attended so important a function in the White House.

The Vice President and Mrs. Marshall, the members of the cabinet and their wives, relatives of the President and Mrs. Wilson, and of Secretary McAdoo, and a few intimate personal friends of the bride and bridegroom, comprise the list of guests.

The ceremony of this evening takes place in the historic Blue Room, the middle apartment of the suite on the south side of the White House, between the East Room and the State Dining Room. It has been the scene of more brilliant social functions than any other room in the mansion. It is in the Blue Room that the President formally receives his guests at White House receptions. In recent years, its furnishings and appointments have been changed entirely. Its oval form has been retained but the scheme of decoration and furnishing has been modernized. The color plan is blue, but not the blue of a robin's egg as of old, but a dark shade of French blue. The walls are paneled in rich corded silk of the same shade, affording an artistic background for the wonderful spring-flower decorations which are a feature of today's wedding.

The massive furniture of days gone by has been replaced with furniture of lighter, if not more artistic design. The floral decorations of the room—in fact, of the entire mansion on the first floor—will be marvelously beautiful. Slender vases of graceful designs in cut-glass and rare porcelain, will be filled with cut flowers, including masses of lilies and white orchids, products of the White House conservatories. The south side will be backed with palms, to form a background for great bunches of spring blossoms or cherry, peach and apple.

In the main lobby of the mansion, the Marine Band orchestra of fifty pieces, under the direction of Lieut. William H. Santelmann, will render a program of music specially selected by Miss Wilson.

To the strains of Wagner's inspir-

ing wedding march from Lohengrin, the wedding party will descend the main staircase from the apartments above. Miss Margaret Wilson and Mrs. Sayre, the bride's sisters, will be maid and matron of honor. Two charming little maids, Miss Sallie McAdoo, the 12 year-old daughter of the bridegroom, and Miss Nancy Lane, the dainty daughter of Secretary and Mrs. Franklin K. Lane, will attend the bride as flower girls. They will be attired in exquisite white frocks, exactly matched.

The bride will be escorted to the Blue Room by her father, the President of the United States. At the beautiful extemporized altar of white satin and cut flowers, she will be joined by the bridegroom, Mr. McAdoo, and his best man, Dr. Cary T. Grayson, U. S. N., an intimate friend alike of the Secretary and President.

An informal reception will follow the ceremony, after which the bridal party and assembled guests sit down to the wedding supper to be served in the State Dining Room. Both the room itself and the great dining table will be superbly decorated, and the latter particularly, will be a vision in sparkling cut glass, silverware and rare flowers.

Later in the evening, Secretary McAdoo and his bride will leave Washington for a brief honeymoon trip. It is not expected they will remain away from Washington, as it is known that the secretary's official duties, particularly with reference to the federal reserve board, will demand his presence in the national capital.

The bride's gown is a superb creation of ivory satin, adorned with many yards of Empress Eugenia lace, of soft and elegant design. The gown has a sweeping train, several yards in length. The satin which softly drapes the bodice, is drawn into a point below the shoulders, leaving a V-shaped opening both back and front. Soft folds of tulle finish this opening, and there is a tunic of tulle made on the new, long lines, and the sleeves, which are long, are made of tulle mousquetaired. The lace is applied with exquisite grace. It is draped over the right shoulder, and crosses the bodice in a sweeping line to the left side of the waist, where it is caught with a spray of orange blossoms. Below the waist line it falls as a border to the tulle tunic. A novel feature of the lovely costume will be the bridal wreath of orange blossoms in cap effect from which the long tulle veil will be draped.

Practically the sole ornament to be worn by the bride will be a necklace of diamonds, the gift of the bridegroom.

Miss Wilson will carry a wonderful shower bouquet of lilies of the valley, white orchids and fern fronds. More than a century of romantic White House history will form a fitting halo for the bridal couple in the ceremony today. According to accepted authorities, Miss Eleanor Wilson will be the fourteenth bride to plight her troth within the historic walls of the famous mansion. In the identical room where she today will take the husband of her choice, "for better, for worse," beautiful Frances Folson became the wife, twenty-eight years ago, of the then President of the United States, Grover Cleveland; and only a few months ago, the sister of the bride of today, Miss Jessie Wilson, was united in marriage, in the magnificent East Room of the White House, to Francis B. Sayre.

The White House is hallowed in the memory of one other May bride, beloved Nellie Grant, who, forty years ago was married in the East Room to an English gentleman, Algernon C. F. Satoris. Today's wedding will be unique in respect of the principals, as Miss Wilson will be the first daughter of a President of the United States to be joined in marriage to a member of the cabinet.

The bridal gown of Miss Eleanor Wilson, daughter of the president, who today became Mrs. William G. McAdoo, wife of the secretary of the treasury, and some of the other gowns of her wedding trousseau, were authoritatively described after (Continued on Page 2, Col. 3.)

DETAILS ARE BEING ARRANGED

For Formal Conference of Mediators At Niagara Falls

SUPREME COURT JUSTICE

May Be Named As One of the American Delegates—Carranza's Success May Modify Range of Work of Peace Envoys.

(ASSOCIATED PRESS TELEGRAM)
Washington, May 7.—President Wilson found time in the midst of wedding preliminary festivities at the White House today to confer with Secretary of State Bryan for a few minutes on the Mexican crisis with particular reference to mediation.

Secretary Bryan announced after the conference that American delegates to advise with the south American mediators had not yet been selected but a representative or representatives surely would be designated and that the selection soon would be made. Whether there would be more than one American delegate was still undecided, the secretary said.

It was reported in diplomatic circles that John W. Foster, former secretary of state is being considered among others, to represent this country. Mr. Foster was minister to Mexico in the late 70's.

The arrival in Washington of Nelson O'Shaughnessy, charge of the American embassy at Mexico City during the most turbulent part of the strained relations with Huerta's government aroused considerable speculation as to the returned envoy's future status, but nothing concerning his future was considered today. Mr. O'Shaughnessy saw Mr. Bryan for a few minutes only, and will confer with him again tomorrow. President Wilson also will see Mr. O'Shaughnessy tomorrow.

Reports of continued aggression on the part of the constitutionalist forces toward Mexico City reached the state department during the day. News of constitutionalist victories at Acaponetia were confirmed in an official despatch.

Conditions at Vera Cruz were reported as quiet. The Latin-American mediators spent much of their time completing arrangements for the conferences to begin at Niagara Falls May 18. The Argentine minister, Mr. Naon, conferred at the state department for a short time, but no announcement was made concerning his mission.

John W. Foster, mentioned as a possible delegate to represent the United States in the mediation is 73 years old. He was long connected with the diplomatic service, representing this country in Mexico, Spain and Russia and in various treaty negotiations. He is widely known as an authority on international law and was secretary of state during President Benjamin Harrison's administration. He is a native of Indiana but has made Washington his home for years.

(ASSOCIATED PRESS TELEGRAM)
Washington, May 7.—The South American mediators resumed their sessions at eleven o'clock today. They are now proceeding somewhat informally, the main issues before them being deferred until the formal conference begins at Niagara Falls on the 18th. Meantime they are arranging the details and procedure of the conference and awaiting the designation of the delegates to the United States. Secretary Bryan expects to name the American delegates as a further talk with the President indicates, but the names may not be determined upon today, owing to the activities in connection with the White House wedding.

The possibilities of the selections of a justice of the supreme court as an American delegate similar to Justice Brewer's selection by President Cleveland on the Venezuelan controversy with Great Britain is being discussed. Reported constitutionalist victories and the gradual closing in on Mexico City, is having no effect on the work of the mediators, who are going steadily ahead with their branch of the work. But in official and diplomatic circles outside of the mediators, it is recognized that confirmation of the Carranza successes and his continued elimination from the conference may present physical conditions considerably modifying the range of mediation.

The vanguard of the constitutionalist forces at Durango and Torreon has started on its march to begin the campaign for the capture of Saltillo and Zacatecas, according to a report received at the state department today from Consul Hamm at Durango. One American and two British subjects have been killed at mines in the vicinity of Guadalajara. A Mr. Ramsdell, presumably a British subject, and seven Americans are cut off by bandits in the vicinity. Other Amer-

Licking County Prisoner In Ohio Penitentiary Is Killed By Fellow Convict

Frank Saltz, 28, sent to the Ohio penitentiary March 8, last, from Newark for a ten year sentence for burglarizing the office of the Wyeth-Scott company, was murdered by Jack Patterson, another convict, who struck him over the head with an iron bar following a quarrel in the prison dining room Wednesday night.

The quarrel is said to have developed over carrying out dishes from the dining room, where Saltz and Patterson were assigned to employment as waiters.

Patterson, who is now being confined in a cage in the death house, is serving an indefinite sentence from Muskingum county for horse stealing. He is 39 years old and had the reputation of a bad prisoner. He served four terms in the Ohio penitentiary, one in the state reformatory and one in the West Virginia penitentiary at Moundsville.

Some of the prisoners say Saltz provoked the quarrel. Other witnesses proved reticent when brought before the warden in an investigation conducted during the night.

The murder occurred just at the close of the evening meal, when there was only one guard in the dining room, and he was some distance from the scene of the assault. He was first attracted by Saltz's outcry when the blow was struck. Patterson says he struck in his own defense.

Saltz had served one previous term in the Ohio penitentiary. Two indictments were returned against him in the September term of common pleas grand jury here in 1912. One charged burglary and larceny of the Rugg halter factory and the one on which he was prosecuted by County Attorney J. Howard Jones, and sentenced last year, involved breaking and entering the Wyeth-

Scott company's offices in the night time and stealing a quantity of postage stamps and valuable tools.

Little seems to be known here of Saltz record previous to his arrest and conviction of the offense for which he was serving time. It is said guards and prisoners both had noticed ill feeling between the two men. Several times they had words. Tuesday night they fell into an argument when Saltz carried away his share of cups from the table.

It is believed that Patterson carried the weapon with which he killed Saltz into the dining room and hid it at the other end of the room when he heard a cry at 5:20. He turned to see Saltz lying on the floor.

Coroner Benkert, of Franklin county, held an inquest Thursday.

Saltz was known to the Licking county officers at the jail as a quarrelsome and troublesome prisoner while awaiting his trial for the Rugg halter factory burglary. He was confined at the same time that "Jim" Waddell, a negro ex-prize fighter was in the jail, and trouble was brewing for some time between them which culminated in a fierce fight between the two men. Saltz was terribly beaten by the negro before the jailers separated them, but had repeatedly bitten Waddell during the encounter.

His was the first case tried by J. Howard Jones the new prosecutor, and Saltz was convicted of burglarizing the office of the Wyeth-Scott Co., upon the circumstance that he had in his possession a tountain pen and some postage stamps for which he could not satisfactorily account, and the pen was identified by the owner who used it at the factory.

INVITES CONFEDERATE EX-SOLDIERS TO HOLD NEXT YEAR'S REUNION IN OHIO.

Memorial Exercises Held Today—Newark Men on Committee to Receive 76th's Battle Flag.

(ASSOCIATED PRESS TELEGRAM)
Jacksonville, Fla., May 7.—Business sessions held today by the United Confederate Veterans and Sons of Veterans were devoted to committee reports, but it was expected that the senior organization would elect officers and probably choose a convention city before adjournment tonight.

Many believed that General Bennett H. Young, of Louisville, president-commander-in-chief of the United Confederate Veterans, would be re-elected. Richmond, Va., Memphis, Tenn. and Tulsa, Okla., are candidates for the next reunion. The veterans also have received an invitation from Governor James

M. Cox, of Ohio, to hold the reunion on the state house grounds at Columbus.

Memorial exercises were held today under the auspices of the Confederate Southern Memorial association and the United Confederate Veterans.

A committee headed by Colonel Charles H. Kibler of Newark, O., is here and will formally receive the battle flag of the 76th Ohio regiment which fell into the hands of the Confederates at the battle of Ringgold, Ga., during the civil war. The flag will be returned by the Alabama regiment who has it, with appropriate ceremonies, and will be taken back to Ohio.

Who Is a Progressive Candidate for United States Senator from Ohio.

(ASSOCIATED PRESS TELEGRAM)
Columbus, May 7.—All progressive candidates for state offices and most members of the state central committee were here today to attend the meeting of the committee. The main purpose of the meeting was to discuss general campaign plans, to complete the circulation of petitions and to insure the placing of candidates for county offices in a few of the counties where complete progressive tickets have not yet been prepared.

"The Republicans profess to have made a step forward since 1913, but, I fail, utterly, to see what steps have been taken," said Arthur L. Garford, of Elyria, candidate for nomination for United States senator. "I do not see the slightest hope of the two parties getting together."

BECKER IS DIRECTING ATTORNEYS

In Choosing Jurors Who Will Hear His Case

LARGE CROWD PRESENT

When Court Convened Today and Defendant's Wife Occupies Seat at the Trial Table—Seven Jurors Secured Up Until Noon.

(ASSOCIATED PRESS TELEGRAM)
New York, May 7.—Two more jurors, bringing the number up to seven, were chosen today at the afternoon session of the former police lieutenant, Charles Becker for the murder of Herman Rosenthal. The sixth man in the box was Dwight W. Custer, a retired printer; the seventh, Ambrose Farley, a clerk. Many talesmen were accepted by the district attorney, only to be challenged by counsel for the defense if Becker shook his head.

Mrs. Becker was dressed in black, sat beside her husband at the counsel table. The crowd that clamored for admission to the courtroom was even larger than that of yesterday.

(ASSOCIATED PRESS TELEGRAM)
New York, May 7.—The work of selecting the remaining seven members of the jury occupied the attention of the court, the prosecution and counsel for the defense at the second day's session of the second trial of former Police Lieutenant Charles Becker, charged with having instigated the murder of Herman Rosenthal the gambler.

Five jurors were in the jury box at the adjournment of court yesterday and a venire of 226 talesmen was within call when today's session began. At the rate of progress shown yesterday it was expected that the jury box would be filled before adjournment today and that tomorrow the actual trial would begin.

The questions so far put to talesmen indicated that the defense planned to introduce little or no evidence in rebuttal that Becker was the moving spirit in the murder conspiracy for the carrying out of which the four gunmen paid the penalty in the electric chair at Sing Sing prison last month.

Each prospective juror was asked if he would be prejudiced if the defendant did not testify in his own behalf. This was taken to mean that Becker was not to be called as a witness, although friends of the former chief of the "strong arm" squad of the police department assert that he is anxious to tell his story to the jury. The prosecution in its list of witnesses has presented no new names from those so familiar to the public in the first. There are however, several names, it is said, that District Attorney Charles S. Whitman has not disclosed in reading the list to ascertain if any of them were known to the talesmen.

Becker, looking much better than when he came from the death house in Sing Sing some weeks ago began keenly watched the proceeding and frequently converse with his attorneys. Mrs. Becker, who occupies a seat within a few yards of her husband, appears hopeful and also watches every move of counsel for both sides in the examination of the prospective jurors.

Interest in the trial has not diminished although the murder of Rosenthal occurred nearly two years ago. Again today, as yesterday, the corridors of the criminal court's building were crowded, although admission to the court room was by card only.

WEDDING

(Continued from Page 1.)
the ceremony of today had been concluded.

The bridal gown was made of ivory white satin and trimmed with real old point lace. The charming creation was the principal part of a trousseau made by Fifth Avenue modistes. The bodice was softly draped with satin which crosses in front and is brought to a point below the shoulders, front and back.

The V-shaped neck is finished with folds of soft tulle. The long mousseline sleeves are made of tulle. The real old point lace is gracefully draped over the right shoulder to the left side of the waist and is fastened with a spray of orange blossoms; the lace then continues as a border to the long transparent tunic of tulle which graduates to the side of the skirt at the train. The long sweeping train is three and a half yards in length. A cap effect of bird's nest wreath especially executed with orange blossoms and long draped veil was very effective.

Much interest was shown in the real old point lace used on the gown. It is a masterpiece and a work of art in lace making. Unique in design and perfect in execution, it is said this famous art-treasure, which is a part of a world-famous collection, may find its place as an antique in a national collection.

The three-piece going away dress was made of corbeau blue gabardine. The coat of corbeau blue charmeuse and gabardine. The front and upper part of back of coat is of charmeuse. The back is gathered at collar. The three quarter sleeve of gabardine is topped with the blue charmeuse. Edge of sleeve is bound with a flat black silk braid. Soft girde of gabardine ending in front with oval charmeuse buckle.

The bodice is dark blue chiffon over white. It has braided straps of gabardine over the shoulders, with twelve rows of braid over belt of blue gabardine. White organdie vestee and collar edge with a rose and green flowered narrow ribbon, fastened in front by three ribbon buttons. Long blue sleeves over white chiffon ending in a wide cuff of 16 rows of narrow black braid. The short skirt of gabardine with three circular flounces starting at sides of skirt. These are fastened at back with a strap of gabardine attached to which are four small black silk tassels. Between the flounces corbeau charmeuse, to which they are attached, showing about one inch of charmeuse between each flounce. Flounces and bottom of skirt edged with black silk braid.

A rose and silver gown is made of rose pink satin d'Amour and rose tulle. Satin bodice ending in points at shoulders (surplice effect) and edged with silver braid around arm holes. Pink rose and bud nosegay low left shoulder. Large flesh color net butterfly bow at back, attached to points at shoulders. Silver shadow lace, form flowing sleeves. Skirt of rose pink satin d'Amour, veiled with tunic of shadow silver lace from which flows long overskirt of rose color tulle. Silver lace continued down front and makes a slight pointed train at back.

Ciel blue brilliant peau de faillie gown with bodice of self color blue silk net which veils hands of silver re-embroidered lace across the front. Around neck and down front of bodice ending at waist line a (bias) band of peau de faillie—where they meet, they are finished off with a single natural rose bouquet. Japanese collar—Below collar a fullness is gathered which falls softly to waist line. Net sleeves, gathered at elbow with silver thread, making a soft ruffle effect. Silver embroidery

ered motifs on sides of soft folded girde. Skirt—flat puff tunic effect at back. Front of skirt simple loose drap, cut bias, and a trifle fuller at side, with slight opening at bottom.

Watteau blue moire. invisible stripe, peau de faillie gown. Watteau blue tulle (self color) bodice, over band of cream lace—two moiré peau de faillie straps, picot edge, crossing at back. Underneath the tulle, blue net frill, picot edge around neck.

Net sleeves gathered at elbow with long flowing frills. Blue moiré girde fastened at back with bow and in center of bow a Strauss buckle set in silver triangular shape and having a blue stone in center. Skirt. long tunic of blue net over invisible Batteau blue moiré peau de faillie skirt. Bottom of skirt scalloped. Back of net tunic falls in folds veiled with transparent draperies.

White Cékay crepe embroidered in Vieux Rose and green silk done in pattern resembling wheat. The bodice is buttoned in front with two rows of white and rose china buttons to match embroidery. Long Kimono sleeves of plain white crepe with band of Vieux rose moiré silk on cuff which has three buttons on each side. The collar is of rose moiré which is a leaf design of white silk lace.

The skirt has two bias hemstitched ruffles of plain white Cékay crepe, piped with rose moiré silk. Around the waist there is a sash of wide rose moiré ribbon—at the side back a large bow of same. Pelerine (cape) made of Cadet blue chevrot cloth, crossing in front with two sash ends which wind around body and tie in front or back. Buttoned high at neck, standing collar. Blue satin lining. Two inside lining pockets.

Mrs. Garrison, wife of the Secretary of War, is to wear black and white chiffon draped over white satin, with smart touches achieved by French blue ribbon holding the puff of the skirt draperies, and also showing off the bodice, where rhinestone buckles hold the soft lace frills around the V-shaped neck.

Mrs. Redfield, wife of the Secretary of Commerce, is to wear a summer silk costume, white with hair stripes in mauve. It is trimmed with silver lace.

Mrs. Wilson, wife of the Secretary of labor will be gowned in gray crepe-de-chine, and Miss Agnes Hart Wilson had a blue satin costume with rouches of orange velvet and lace in the trimming.

The wedding presents received by Miss Eleanor Randolph Wilson, daughter of the president, on her marriage today to Secretary McAdoo, besides being numerous and valuable, have the added quality of being in many instances of a personal and domestic nature signifying the interest taken in the home life of the new cabinet couple.

The bridegroom Secretary McAdoo in addition to the splendid string of diamonds which his bride will wear at the wedding, is also reported to have given her the opal brooch, surrounded by a ring of large diamonds, which she has worn frequently of late, and a wrist bracelet in which a tiny watch is bordered with diamonds. The engagement ring is said to have been a large diamond solitaire and another ring from Mr. McAdoo was an opal surrounded by diamonds. The opal is a birthstone for both the bride and bridegroom, as their birthday anniversaries occur in October.

The gift of the president and Mrs. Wilson has not been made known, but is understood to be something similar to the gift they made the first bride of the family, a set of furniture for the bride to use in her new home.

The cabinet members and their wives united in a gift to Miss Wilson and Mr. McAdoo, following a historical precedent established at the Cleveland-Folsom wedding. Their present was a set of silver dinner plates and a silver platter. It was sent the bride-to-be early in the week, and has been a source of admiration for its massive elegance.

The vice president and Mrs. Marshall were not in this city at the Sayre-Wilson wedding, for which Mrs. Marshall spent part of her last summer's leisure in making by hand dainty things to give the bride. Her present to today's bride is also of a personal character and was sent over to the white house this morning. Several of the cabinet women have also sent the bride pieces of their handiwork on linen, lace and embroidery for personal and household use.

The postmaster general and Mrs. Burleson are also reported to have given a lavaliere. The center stone has stone and pearls around it, and a fine chain studded with pearls.

The senate's present was a gold bracelet studded with diamonds and it has the added importance of having been chosen among other pieces of jewelry suggested to Miss Wilson. The senate committee in charge of the gift consisted of Senators

Attorney H. C. Ashcraft filed divorce suits in Probate court Thursday for two clients. One is the suit of Leota Lanning for divorce and alimony, in which she charges Clyde A. Lanning with extreme cruelty and habitual intoxication. They were married in Newark, Feb. 23, 1911. She seeks restoration of her maiden name, Brannon.
Nettie Carter is the other plaintiff who seeks divorce and alimony from Roland C. Carter, whom she charges with extreme cruelty and habitual intoxication. She alleges her husband locked her out of the house in her night clothes May 2, 3 and 4, and that he also threatened to poison her. She also charges him with having paid another woman money to accompany him on a drive into the country. They were married in September, 1907.

For twenty-two years he has been in the school room, thirteen years of that time as superintendent of township and village schools. He received his master of pedagogy degree in 1907.

An Interesting Story of Values
Extremely Timely Items in Outer Apparel

Why do we do such a mammoth garment business? Why do the same people keep coming back season after season and recommend this store to their friends? The answer to these two questions sums up entirely the success of this store. 1—We have the largest stocks, newest styles and highest qualities at absolutely the lowest prices. 2—Every customer receives the utmost courtesy and no sale is considered closed unless perfect satisfaction reigns. As the old advertising phrase goes, "Our best ads. are worn, not printed." There is food for thought in these statements! Doesn't it mean something to you to be able to select your wearing apparel from really complete assortments, to know that the style is absolutely correct and to feel the satisfaction that you have saved a few extra dollars? Women now days are buying their garments solely on merit and comparison and most of them have found out that this is the better store. A little investigation on your part will no doubt bring these facts more forcibly home to you.

The Newest of Coats at Special Prices
Garments That Appeal to The Discriminating Buyer.

GOOD SUGGESTION TO NEWARK PEOPLE

It is surprising the amount of old, foul matter the simple mixture of buckthorn bark, glycerine, etc., known as Adler-ika, drains from the system. This remedy became famous by curing appendicitis and acts on BOTH the upper and lower bowel so thoroughly that ONE DOSE relieves sour stomach, gas on the stomach and constipation almost IMMEDIATELY. "We are mighty glad we are Newark agents for Adler-ika. R. F. Collins, druggist, 27 Hudson avenue.

MARIETTA PLAYS DENISON TODAY

(Special to the Advocate.)
Granville, May 7.—Marietta and Denison will clash on Beaver Field this afternoon at 3:30. Little is known concerning the ability of the downstate nine. They have played with very few Ohio teams this year. This will be the first time Marietta has appeared here for some time. Coach Livingston has been working the men strenuously this week to get in shape for the contest.

Although Captain Schwegman's men have been defeated in the last two games they are not in the least discouraged but are determined to win Thursday. Both games were lost by one run. Errors and weak hitting on the part of the "Big Red" nine figured chiefly in the defeats. Miami was lucky to get the big side of the score last Thursday. Denison outthrew and outbatted the Oxford nine. But unlike the Baptists, Miami was able to connect offense in the pinches. In the Kenyon contest had the fielding errors among the infield lost the decision. No choice of pitchers has been announced for the game but Biggs or Adams will likely start.

WONDERFUL TONIC RESTORES HEALTH

(Home Remedies)
"Winter invariably proves a hardship to the human system. The blood becomes clogged with poisonous impurities, the liver grows sluggish and as a result, we have sallowness, a loss of energy and appetite, and suddenly find ourselves all tired out and sick."

"The surest and best remedy for this condition is a table spoonful of the following home-made tonic before meals: In 1-2 pint of alcohol dissolve 1-2 cup of sugar and one ounce karene, adding hot water to make a quart. This old-fashioned remedy is unequalled for making the blood pure and giving the body tissues strength and energy. It is a remedy so good as to be almost indispensable for family use in restoring health and energy to both old and young.—Advertisement."

Theaters

Orpheum Theater.
A large crowd attended the performance at the Orpheum Theater this afternoon and was well pleased with the show. The bill was headed by the Mutchers Vaudeville's claret and accordion. This positively is the very best of its kind, the couple make a splendid appearance. The Great Mavolo wire walker and juggler, is deserving of much praise and deserves his title "The King of the Wire."

Miss Junitta Hawleigh a beautiful young lady, has a pleasing voice and a peculiar way of singing her songs. All her songs are the kind that you want to whistle.

The Kashner Sisters, the two fashion plates, are two classy singers and dancers. They finish their act with the latest novelty "The Chair Dance."

This is the show that you want to see.

Alice Nielsen at Columbus.
Popular Alice Nielsen, beloved alike by the comic opera and grand opera adherents of today, remembered for the "fortune teller," "The Singing Girl" as well as "Faust" and "La Boheme" is coming to Memorial Hall, Columbus, Monday evening, May 11, as the concluding artist of the T. T. Frankenberg series of concerts. In order to meet a popular demand this concert will be given at popular prices.

Miss Nielsen has arranged to sing a number of well known selections including arias from "La Tosca" and "Madam Butterfly."

Miss Nielsen is so well known that the comment of critics is superfluous, but it is reassuring to be informed that from Milan to San Francisco they unite in ascribing to her the highest praise, and state that never before has her voice shown the wonderful beauty, color and brilliancy it now possesses.

RAILROAD VICTIM IS IDENTIFIED AS A FORMER NEWARK MAN

Several people who called at the Bazler & Bradley funeral home Wednesday night and Thursday agreed in their identification of the body of the man who was killed at the O'Bannon avenue crossing of the Pennsylvania railroad Wednesday morning. The body is that of Paul Marshall, alias John "Dutch" Miller, who has been around Newark at different times for several years.

"Dutch" Miller had a police record, having served time in the Ohio Penitentiary for burglary, at Pataskala in 1910. He was a native of Germany, was a barber by trade and has worked in various towns over the country. He is said to have a brother in Philadelphia and the police department is now making an effort to locate him.

Police Chief Sheridan learned about noon that Marshall's brother, was proprietor of a restaurant in Philadelphia and a message was sent to the police department there asking assistance in locating him. The body will be held at the Bazler & Bradley morgue pending receipt of a reply to this message.

FOR SALLON, WHIRLED, FRECKLED, PIMPLED SKIN

If you have any cutaneous blemish, don't use paint, powder, or anything else to cover it up. The only remedy that emphasizes the defect. Besides it's much easier to remove the disfigurement with ordinary mercurized wax applied nightly. The wax will gradually remove freckles, pimples, blackheads, moth patches, sallowness, red or yellow blotches, or any surface eruptions. The affected cuticle is absorbed, a little each day, until clear, soft, youthful and beautiful skin beneath is brought wholly to view. Ask the druggist for an ounce of mercurized wax and use cold cream. Remove in morning with soap and water. Many have tried this simple and harmless treatment report astonishing results.

It is bothered with wrinkles or crow's feet, a wash made by dissolving an ounce of powdered savoline in a half pint of water will prove remarkably effective. —Advertisement.

IF BACKACHE OR KIDNEYS BOTHER

Eat less meat and take a glass of Salts to flush out Kidneys—Drink plenty water.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush out the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gas, your tongue coated and you feel rheumatic twinges when the weather is bad.

Let less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids of the urine so it is no longer a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

UNABLE TO LIE DOWN

FOR TEN DAYS OR NIGHTS SUCH WAS THE AWFUL CONDITION OF MR. W. H. LOWRY BUT QUAKER CAME TO HIS RESCUE.

Mr. W. H. Lowry, who resides at Witt, Va., address R. F. D. No. 1, occupation, miller, employed at Damivar's mill, Witt, Va., called on the Quaker Health Teacher and told him how he had suffered with catarrh of the head, throat and stomach; also a very severe case of kidney trouble for the past 12 years. Mr. Lowry said: "I have had severe headaches and constantly spitting mucous that seemed to drop from my head. Throat became sore and stomach rebelled, it would cause me an awful lot of misery. Everything I ate would sour, gases would form and cause my heart to palpitate and pain. At times I thought it had stopped beating. Gases would also rise up in my breast and throat. At times it seemed as if my breath was shut off altogether, and my kidneys pained me so that at times I thought I would break in two. I have tried everything that was recommended, and have taken several treatments, but nothing seemed to reach my case. Continued to get worse all the time until ten days ago, my misery became so terrible that I was unable to lie down for ten days. Have been compelled to sit up all night long in a chair on account of my awful misery."

After having a talk with the Health Teacher, who told him to give the Quaker Health Teacher and Oil of Balm a trial and watch the results, he purchased a three-bottle trial treatment of Extract and one bottle of Oil of Balm. Started on it, and after using it two weeks reports back and says: "After using those remedies two days I was able to lie down and get a good night's rest, and after two weeks can say that my pain and misery is all gone. I rest well at nights, have no more headaches—no pains around my heart, nor shortness of breath. No pains in my back and can sit down and eat a good meal without any fear of it hurting me afterward, and you can just let me have six more bottles for—I know I have got hold of a permanent cure in the Quaker Remedies, and I would not take any price in exchange for the benefits already received from them, and you can tell anyone you want, to call on or write to me, and I will be only too glad to tell what Quaker has done for me, for I, as a sufferer have gotten the long sought for benefits and want others who suffer to get the same."

The Health Teacher is still at the City Drug Store, Third and Main streets, Newark, O., and invites all who suffer from rheumatism, stomach, liver, kidney troubles, or catarrh in any form, or worms of any kind, to call and have a talk with him—it costs you nothing. He is at the drug store from 9 a. m. to 9 p. m. daily.

Quaker Extract is sold in treatments—6 bottle for \$5.00, now 3 for \$2.50, or \$1.00 single bottle. Oil of Balm, 50c. Quaker All-Healing Salve 25c.

The members of the Phi Gamma Delta fraternity of Denison University will entertain with the annual garden party on Tuesday evening of next week.

Pink and lavender were the predominating colors which were used effectively in the arrangements at the reception given on Wednesday evening at the home of Mrs. William P. Young in North Fourth street, honoring Mr. and Mrs. Frank Allen, whose marriage had been celebrated in the morning. Great clusters of lavender lilacs filled the rooms and in the dining room the colors of pink and green were used. LITTLE DISCUSSIONS OF LOVE AND MARRIAGE

BY BARBARA BOYD

The Perfect Life Partner.

"I have the very best husband in the world," the Sallow Woman was saying.

The Woman Who Wore Spectacles looked at the phlegmatic, fat, bald husband in question and thought "Not for mine."

"And I have the best wife in the land," a married man chimed in.

The Woman Who Wore Spectacles gazed at the wife in question, a little, dumpy woman with a fat, vacuous face, saucer-like blue eyes, and thick, pouting lips and thought, "Every one to his taste."

"I suppose it is a good thing," she said, a few minutes later to a friend, as the two found cozy seats in a corner of the club-house, "that people should think their matrimonial partners perfect. But I often wonder how they arrive at that conclusion."

"There seems to be quite a number who haven't arrived, judging by the divorce records," replied the Cynical Listener.

"But I have heard any number of men say their wives are the finest women in the land, and any number of wives say their husbands are the best men ever created. And yet, looking at both, with all charity, I would never arrive at that conclusion myself," said the Woman Who Wore Spectacles.

"Love is blind, you know," observed the Cynical Listener.

"But marriage is very apt to restore the eyesight," laughed the Woman Who Wore Spectacles. "Really, though, I would like to know just what it is that enables one to see his fellow man or fellow woman in this way. One likes to see humanity at its best, or rather, the best in humanity."

"Perhaps those who see their life partners in this way, are not very close or critical observers," said the Cynical Listener.

When a person lives with you, you don't have to be an observer to discover his faults. They are apt to be rubbed in. But in the cases I am speaking of, they neither see them nor feel them. Yet you or I living with these same people, would be very conscious of faults, or at any rate, deficiencies that would be as unpleasant as faults. Now what is the process that makes the imperfect, perfect. How can one acquire a life-partner that is perfect, or so far as you are concerned, is so."

"If you could discover that formula," said the Cynical Listener, "I guess you would puncture the high speed of the divorce court."

"Some people seem to have found the formula," persisted the Woman Who Wore Spectacles.

"For one thing," suggested the Cynical Listener, "they may have found their complement. The lazy man who has an energetic, hustling wife, naturally thinks, so long as she earns the living, that she is perfect. And so does the bad-tempered woman who has a good-natured husband, and so on."

"That would be finding in the other those traits that perhaps you might wish you yourself had," mused the Woman Who Wore Spectacles. "There may be something in that theory, but I don't think it sufficiently broad to cover the whole proposition. Some people would be envious of the other's perfection, and a bit resentful, and say caustic things."

"Well then," smiled the Cynical Listener, "I'll go a bit further, and say they must be tolerant and charitable."

"I guess," said the Woman Who Wore Spectacles, "they must be able to see perfection in imperfection, the ideal in the real, carving your work of art from the material you have about you, as the poet puts it."

"Well, at any rate," observed the Cynical Listener, "with mildness and patience, if they have found the perfect matrimonial partner, no matter by what process, and are happy in their find, what's the odds?"

"One shouldn't gloss over faults," protested the Woman Who Wore Spectacles.

"But as you say yourself, they see only the good, the ideal in the real, the intention rather than the faulty expression of it."

"Well, maybe if we would all do that," admitted the Woman Who Wore Spectacles, "we would help each other faster along the road to perfection."

JUNIORS WILL GIVE PLAY ON FRIDAY NIGHT

Clever, extremely amusing and entertaining is the play, "The School Mistress" by that well known and popular play writer, Puno, which is to be presented by the Junior class in the high school auditorium Friday night. This play promises to be one of the most successful from the entertaining standpoint ever presented, and was recently played by the Ströblers, a prominent dramatic society of Ohio State University, and the Senior class of Harvard is to play it this year.

The scene of the play is laid in a fashionable boarding school for girls in London, and the amusing episodes and happenings during the Christmas vacation, will captivate any audience, one of the more amusing being the marriage of one of the young ladies.

LESSON XI—PART VI.

PHYSICAL CULTURE.

Proper Costume for Housework.

An inexpensive working costume, comfortable to wear and easy to put on, consists of a one-piece belted gown, fastening with a few buttons in front, made of some wash material like dark blue gingham or gray and white striped cotton. Have this finished with a loose, turnover collar and three-quarter length sleeves, and the skirt should be quite loose from the ground. If a woman ever wears corsets she should most certainly wear them while doing housework; if she wears them properly holding herself out of them instead of sinking into them, as so many women do she is more comfortable with corsets on than without. The corset should be well-fitting shoes with heels of comfortable height and kept in repair, for footgear is of first importance to a woman who must be on her feet all day.

In the direction of comfort as well as of appearance, dress the hair loosely and fasten it securely. While dusting and sweeping, cover it with a cap and when in the kitchen wear a large dark apron over the skirt and dress. A good idea in this fashion starts the day well; she looks well for the work she is to do, and she is comfortable.

Physical Culture in Housework.

The woman who makes physical culture out of her tasks goes about them with light, snappy steps, keeping the head erect and waist pointed on the bill of the foot. While washing dishes she will not lean against the sink, she will have a sink high that requires no stooping. If this is not practical, place something under the dishpan to raise it to the proper level.

Turning mattresses develops the shoulder and arm muscles, but do this propitiously, throwing rather than pushing and tugging. Keep this same idea while doing all heavy work; use the shoulder and waist, rather than the arms, and do not lean. If you have to shake the laundry, the arms high while doing it, for this will develop the shoulder muscles and stretch the spine under the arms. Any exercise or work that stretches the figure, lengthening it from the waistline, will correct stoutness and a tendency toward a thick waist.

RECOVERY OF WM. REYNOLDS IS ASSURED

William Reynolds, who has been suffering from a fibrous tumor on the lungs, has returned home from Rochester, Minn., where he went this week to undergo a second examination at the hands of the Mayo brothers.

His condition had so greatly improved during the past few weeks that it was deemed necessary by local physicians for him to visit Rochester for another examination. The famous surgeons placed the X-ray on the growth and pronounced it practically dissolved and told him that his recovery was practically complete. However, they advised his continuing the treatment for a short time.

Child Cross? Feverish? Sick? A cross, peevish, listless child, with coated tongue, pale, doesn't sleep; eats sometimes very little, then again ravenously; stomach sour; breath fetid; pains in stomach, with diarrhea; grinds teeth while asleep, and starts up with terror—all suggest a Worm Killer—something that expels worms, and almost every child has them. Kickapoo Worm Killer is needed. Get a box today. Start at once. You won't have to coax, as Kickapoo Worm Killer is a candy confection. Expels the worms, the cause of your child's trouble. Lightning Strikes Large Barn on the James Brush Farm

(Special to the Advocate.) New Bethel, May 7.—During the rain and hail storm, Tuesday afternoon, lightning struck a large barn on the James Brush farm on the Licking-Delaware line, setting fire to the hay. The blaze spread rapidly and it was only a few moments until the whole structure was a seething mass of flames. Neighbors together with the family saved all the live stock and most of the machinery. However Mr. Brush will sustain considerable loss as the barn was only partly covered by insurance.

FATHER AND SON HIT BY AUTO AT 4th AND CHURCH

Rev. C. S. Magee, son-in-law of Mrs. D. S. Thompson, of West Church street, and Mr. Magee's 6-year-old son, narrowly escaped serious injury at Fourth and Church streets Thursday afternoon, when an automobile driven by Len Smith struck both of them and knocked the boy to the street.

An instant later, Police Captain Charles Swank, who was coming south in Fourth street, jumped onto the running board of the machine, shut off the power and steered the car into the curb, placed Smith under arrest and took him to headquarters. He is charged with fast and reckless driving.

Smith is a retired farmer and lives at Fourth and Channel streets. Just before the accident occurred, Smith drove past police headquarters at a good rate of speed, according to statements of the police. In front of the west entrance of the Arcade he seemed to experience some difficulty in controlling the machine, and at this instant, a city car came around the corner from Church street. Smith managed to steer his automobile around the street car and came directly upon Mr. Magee and his son who were crossing the street at the Church street corner.

Mr. Magee made an effort to avoid the car, at the same time trying to save his son from falling beneath the wheels. He was partially successful. The car struck father and son, knocking the boy down. Mr. Magee was able to pull the boy from in front of the wheels, saving him from being crushed under the heavy car.

Both escaped with minor bruises though they were unnerved by the shock. Dr. W. L. Jackson, who witnessed the accident, accompanied them to their home but fortunately their injuries did not require surgical attention.

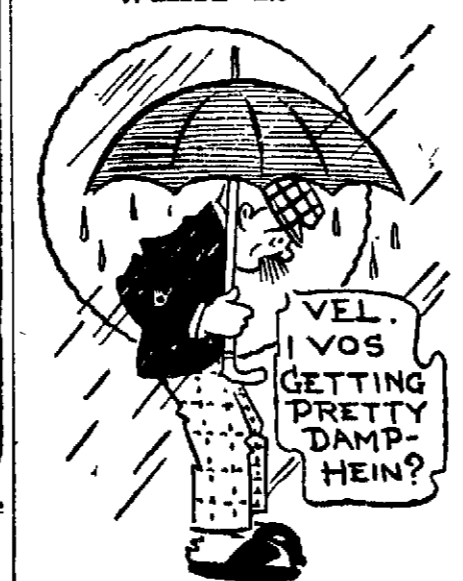

Mr. Magee and his son were enroute to the interurban station, having intended to go to Buckeye Lake for a few days. The trip was abandoned.

Police Captain Swank brought the automobile to police headquarters, where it was found that the engine had been badly overheated and some difficulty was experienced in getting the engine stopped.

DECISION WAS NOT POPULAR.
[ASSOCIATED PRESS TELEGRAM]
Dayton, O., May 7.—Tommy Jones of Newcastle, Pa., and Earl Fisher of Cincinnati, fought fifteen rounds to a draw here last night. The decision of the referee was unpopular with the spectators, as Fisher apparently had all the better of the millings, both at close range and in-fighting. In the semi-windup, Geo. Watson of Columbus, and Joe Berger of Dayton, boxed ten rounds to a draw. All principals are light weights.

The average woman is at least old enough to know better when it comes to telling her age.

NO PEACE DOVE FOR DOMOKASES AFTER ALL THIS

Wife Says Hubby Sent Her to Relatives In Cleveland And Then Started Out To Get A Divorce.

There isn't a peace dove hovering over the heads of Koris and Margaret Domokas. Koris's regiment of joys has been supplanted by a host of glooms re-inspired by a detachment of joy dispersers from Margaret's camp.

It's a long story told in a petition on file in probate court and signed by Attorney J. W. Horner, and an answer and cross petition signed by Margaret's attorney, J. V. Hilliard. It was on April 1 that Koris filed suit against Margaret for divorce. He said he married her Dec. 15, 1909, and that she had disregarded her marital duties by absenting herself from home for days at a time and that she was quarrelsome and abusive, and that there were other reasons why he should be divorced from her. The petition was accompanied by an affidavit for publication, which is an indication that the plaintiff did not know the defendant's whereabouts.

The sequel and Margaret both came to town at the same time, Thursday. In company with Carl Burke, interpreter, Margaret came to probate court and made inquiry about Koris's divorce suit. What she told was the substance of her answer and cross petition filed Thursday by Attorney Hilliard. Margaret said that on Jan. 11, Koris took her to Cleveland for medical treatment and left her with her relatives, telling her he would return for her later. She says that she has been in correspondence with him and even as late as April 17 he wrote her a letter, but that he never has even intimated he was going to get a divorce. She declares he has known all along where she was.

She says Koris is a moultier and makes \$35 a week, and that he owns a \$2,000 property in the Delhrle addition. She asks the court to make Koris "put up" for her attorney fees and pay her alimony, and she petitions dismissal of his petition for divorce.

FIRST USE OF RESINOL STOPS TERRIBLE ITCH

Jan. 27, 1914. "I suffered over eight years with eczema. It started in one little place and kept spreading until it covered my hands. My hands looked like they had been burned by fire and peeled off in large pieces until they were only raw flesh. I was told it was eczema. It itched and burned me so that I could not sleep at night. I tried all sorts of eczema salves and one prescription after another but nothing gave me any relief until I tried Resinol Soap and Resinol Ointment, and after the first application my hands never itched or burned again, and were well in one week. I want every sufferer from eczema to know that they can find a cure in Resinol." (Signed) Miss Ethel Scott, Milstead, Ga.

Physicians have prescribed Resinol for fifteen years, for all sorts of skin troubles, pimples, dandruff, sores, ulcers, burns, etc. Every druggist sells Resinol Ointment and Resinol Soap.

GOODHAIR SOAP IS IN BIG CONTEST

Three prizes that cannot fail to be appreciated in the Advocate's Big Booklovers' Contest are a dozen cakes each of the famous Goodhair Soap.

This soap was purchased of Mr. E. S. Miller of the Goodhair Remedy Company of Newark. This is an industry of which little is known, though everybody does know of Goodhair soap. Goodhair soap is a pure cocoa oil soap, medicated. The old idea of having to use sticky salves and ointments in cases of skin sores, eruptions and itching sensation has been proven erroneous by the introduction of this modern treatment.

Goodhair soap is called the 20th century treatment for scalp and skin diseases.

If one is troubled with eczema, dandruff, it will pay anyone to get a cake of this wonderful soap at the druggists. Use it according to directions and be convinced that it's merits have not been overstated. Its grateful users are spreading its fame and now it is not only being shipped to all the states of the Union, but is being sent to Scotland, England, Hawaii, Panama, Zone, etc. Mr. McDowell, manager of the Cincinnati Enquirer says: "It is the best remedy I have used for 'Eczema.' If your druggist cannot supply you, it can be had at 25c a cake by addressing Goodhair Remedy Company, Newark, Ohio."

Just think of three prizes of a dozen cakes (\$3.00) each of Goodhair soap to be had for the winning ticket in the Advocate's Big Booklovers' contest. You don't need anything but the coupons and catalogue, and the guessing is great fun.

You can secure the coupons and catalogue and enter the contest any time up to 6 p. m., May 18. This will give you plenty of time to get your answers in before it closes. Get them now.

TEA'S SCARCE CLEAN-UP DAY; WORK DELAYED

Scarcity of teams on clean-up day has caused considerable delay in the removal of rubbish placed in the streets by Newark householders co-operating to make the day a success. Only a dozen teams, including the city's wagons, reported Wednesday for the huge task of hauling off the piles of trash and dirt piled in the streets beginning Monday. Thursday some of these teams failed to show up and it is probable that the rest of this week will be required to finish the job.

Those in charge of the work found that many householders waited for the appearance of the teams before placing the rubbish in the streets. As a result, it has been found necessary to cover certain sections the second time in order to get all the rubbish. An abundance of work for teamsters is given as the reason for inability to get a sufficient force at work.

Rheumatism

Remarkable Home Cure Given by One Who Had It—He Wants Every Sufferer to Benefit.

Send No Money—Just Your Address.

Years of awful suffering and misery have taught this man, Mark H. Jackson, of Syracuse, New York, how terrible an enemy to human happiness rheumatism is, and have given him sympathy with all unfortunate who are within its grasp. He wants every rheumatic victim to know how he was cured. Read what he says:

"Don Lindley, Mansfield: shoulder-blade fractured, cut about face. A. A. Eberle, Mansfield, conductor; two ribs broken. N. Sheehan, Canton; right leg badly bruised. E. A. Rathbun, Brighton, Mich.; cuts and bruises. Gus Follets, Mansfield; left leg cut. The front trucks of the car dropped into a deep ditch, hurling the passengers into a heap in the front of the car. The rear trucks did not leave the rails, but the angle at which the car rested, forced the roof against the trolley wire."

A special car with physicians was sent from Mansfield a few minutes after the wreck. The injured were brought here.

The car was due here from Bucyrus at 5 o'clock, bound for Cleveland and was running late. The tracks crossed a road a few feet west of the curve and as the road had been dragged during the day, it is believed obstacles lodged between the rails caused the wreck.

VIRGINIA NEGRO IS BADLY FRIGHTENED BY THE PRISONERS

Edward Christian, a Virginia negro, black as midnight was on the verge of nervous prostration Thursday morning when brought before Mayor Bigbee on a charge of drunk and disorderly conduct. Being a credulous individual, he allowed his fellow prisoners in the city lockup, to make him believe that he was held for attacking a woman. He was so drunk at the time of his arrest he had no recollection of what prompted it and he believed what was told him.

His earnest effort to explain that he was innocent of any wrong doing was interrupted with frequent and fervent mutterings of "Oh! Lawd."

When he was given a suspended sentence in the work house and told to leave town, he dropped to his knees in front of the court patted the floor with his open hand and said "Oh! Lawd, White Folks, the fervency of the exclamation making it sound like a benediction from a grateful heart. He left the court room on the run and made tracks east on Main street.

Frank Ross of Wheeling, arrested by Officer Gorman on a charge of petit larceny was given a suspended workhouse sentence and ordered out of town. Three drunks and one disorderly drew fines of \$5 and costs.

WOMAN WOULD NOT GIVE-UP

Though Sick and Suffering; At Last Found Help in Lydia E. Pinkham's Vegetable Compound.

Richmond, Pa.—"When I started taking Lydia E. Pinkham's Vegetable Compound I was in a dreadfully rundown state of health, had internal troubles, and was so extremely nervous and prostrated that if I had given in to my feelings I would have been in bed. As it was I had hardly strength at times to be on my feet and what I did do was by a great effort. I could not sleep at night and of course felt very bad in the morning, and had a steady headache."

"After taking the second bottle I noticed that the headache was not so bad, I rested better, and my nerves were stronger. I continued its use until it made a new woman of me, and now I can hardly realize that I am able to do so much as I do. Whenever I know any woman in need of a good medicine I highly praise Lydia E. Pinkham's Vegetable Compound."—Mrs. FRANK CLARK, 2146 N. Tulip St., Richmond, Pa.

Women Have Been Telling Women for forty years how Lydia E. Pinkham's Vegetable Compound has restored their health when suffering with female ills. This accounts for the enormous demand for it from coast to coast. If you are troubled with any ailment peculiar to women, why don't you try Lydia E. Pinkham's Vegetable Compound? It will pay you to do so. Lydia E. Pinkham Medicine Co., Lynn, Mass.

to its capacity by early friends and former neighbors and patients of Dr. Wright gathered to pay their last respects. The funeral cortege, with Criss Bros motor funeral car, and members of the family in automobiles, was directed to Johnstown from the home here in Granville street by Undertaker M. L. Emerson, of Johnstown.

Interment was made in the Johnstown cemetery. A large number of Newark people attended the funeral service, and the high esteem in which Dr. Wright was held was shown in number of beautiful floral designs which had been sent to the home.

Opera House.

Utica, O., May 7.—The Social Service League of this village has undertaken and we hope will soon push to a successful completion a project of securing a public play ground for Utica. For this purpose the Stanton Field south of town has been leased for a term of five years. Mr. Johnson of the Newark Y. M. C. A. was here Friday and gave a short talk in behalf of the movement.

The big event of the year for this village will be the Senior play to be given at the Opera House, Friday and Saturday nights, May 15 and 16. The play is entitled "The Merchant of Venice up to Date" and requires 21 characters for its production. Prof. A. F. Tickets will be reserved at Town Hall Saturday at 2 p. m.

Several from here attended the County Oratorical Contest at Newark, Friday evening of last week. Mr. George Penick was our representative, and Misses Hazel Constable and Irene Selby took part in the musical part of the program.

The Annual commencement exercises will be held at the Opera House, Friday evening, May 22. The class this year consists of eight boys and eight girls. The music for this occasion will be furnished by the Fourth Ohio Regiment orchestra of Columbus, and the class speaker is Supt. Chas. W. Cookson of Troy.

The Elson Art exhibit, consisting of 200 copies of the world's masterpieces and over 100 prints, was hung in our High school building Monday afternoon. The exhibit will last all week, the hours being 3:30 to 5 in the afternoon and 7 to 9 in the evening. A violin concert will be given Tuesday evening, and some educational or entertaining feature will be on the program each evening. Come and enjoy the pictures, and help us secure a few good ones for our school rooms.

Prof. A. F. Blanks of Otterbein University gave the "Conquest of Canaan" last Friday evening. A fairly good audience was present, and all report a very good time.

25 YEARS AGO

(From Advocate, May 7, 1889.)
The English Lutheran church will hold a rifle society at Mrs. Hottel's on Clinton streets tonight. Mexican veterans are arriving. Gen. Jas. W. Denver, wife and daughter of Wilmington, O., Nicholas Tauff and Richard Huggins of Steubenville, were the noon arrivals.

Clyde Bartholomew fell at the ball grounds and sustained a serious strain of his right wrist.

Last night a drawing for a cow and calf took place at the grocery of Messrs. H. Wulthoop & Son, Mr. Henry Scheidter being the lucky one.

Miss Kate McKenna spent yesterday with her sister, Mrs. Richard Kear of Zanesville.

Mr. Howard Anderson, who has been visiting his old home in Baltimore, Md., has returned to this city again.

Fifty Years Ago Today. May 7.

General W. T. Sherman concentrated his army at Tunnel Hill, Ga., preparatory to an advance upon the Confederate position at Dalton. The Confederate army, under General Joseph E. Johnston, awaited Sherman's attack.

HOW YOU MAY THROW AWAY YOUR GLASSES

The statement is made that thousands wear eyeglasses who do not really need them. If you are one of these unfortunates, then these glasses may be ruining your eyes instead of helping them. Thousands who wear those "windows" may prove for themselves that they can dispense with glasses if they will get the following prescription filled at once: Go to any active drug store and get a bottle of Optona; fill a two-ounce bottle with warm water and drop in one Optona tablet. With this harmless liquid solution bathe the eyes two to four times daily, and you are likely to be astonished at the results right from the start. Many who have been told that they have astigmatism, eye-strain, catarrh, sore eyelids, weak eyes, conjunctivitis and other eye disorders, report wonderful cures from the use of this prescription. Get this prescription filled and use it; you may so strengthen your eyes that glasses will not be necessary. Thousands who are blind, or nearly so, or who wear glasses would never need them if they had cared for their eyes in time. Save your eyes before it is too late! Do not become one of these victims of neglect. Eyeglasses are only like crutches and every few years they must be changed to fit the ever-increasing weakness of the vision. Better see if you can, like many others, get clear, healthy, strong magnetic eyes through the prescription here given.

REQUEST NOTICE OF INTENTION IN WRITING

In order that no mistakes may occur the Board of Managers of the City Hospital request those desiring to furnish rooms in the new building to notify the Secretary in writing. These notices will be filed and a day appointed for choosing rooms. A baby's crib may be furnished at a minimum price of twenty dollars. This is by way of suggestion to some who feel they cannot furnish rooms.

It's more likely that the average voter would gladly exchange his right of franchise for the courtesy and consideration that is shown a woman. Why does a fellow who owns a touring car (or has one) allow himself when he hears that some one else has bought one?

ELKS' CIRCUS HAS BIG CROWD LAST EVENING

Spellman's circus, given under the auspices of the local Elk lodge, was liberally patronized Wednesday evening, the large tent being comfortably filled.

A parade was given Wednesday afternoon participated in by members of the order who formed a "human flag," the men being costumed in red, white and blue and headed by Uncle Sam. A number of high school boys participated and were

AT THE ELKS CIRCUS.

recipients of many compliments for their appearance in line and excellent precision in marching.

The circus consists of many new and novel acts chief among which is the troupe of performing bears, herd of elephants and performing dogs, ponies and horses. The bareback stunts of the riders are thrilling and the aerial acts were splendid. The slack wire artists performed "stunts" equal to those in any of the larger circuses and the entire show is pleasing throughout.

The headliner of the circus is "Tinkham, in the Globe of Death," in which two riders on bicycles in a small steel globe-like cage circle it in opposite directions while going at a rapid rate. Next Tinkham mounts a high-powered motorcycle and circles the cage going at a speed of over a mile a minute and finishes by looping the loop a dozen times. It is the greatest and most sensational act ever seen in Newark and well alone worth the price of admission asked for the circus.

Another performance will be given this evening the doors opening at 7 o'clock and the performance beginning promptly at 8.

IMPORTANCE OF HEALTHY KIDNEYS.

Newark Readers Should Learn to Keep the Kidneys Well.

The kidneys have a big work to do. All the blood in the body is coursing through the kidneys constantly to be freed of poisonous matter. It is a heavy enough task when the kidneys are well, but a cold, chill, fever or some thoughtless exposure is likely to irritate, inflame and congest the kidneys and interrupt the purifying works.

Then the aching frequently begins and is often accompanied by some irregularity of the urine—too frequent passages, sediment or retention. Thousands testify to the wonderful merit of Doan's Kidney Pills, a remedy for the kidneys only, that has been used in kidney troubles 50 years. You will make no mistake in following this Newark citizen's example:

Mrs. Charles Walton, 74 S. Second St., Newark, Ohio, says: "I can vouch for the correctness of the statement given by one of my family some years ago, recommending Doan's Kidney Pills. They certainly are a wonderful kidney medicine."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Walton had. Foster-Milburn Co., Props., Buffalo, N. Y. 47

BREATHE FREELY! OPEN NOSTRILS AND STUFFED HEAD—END CATARRH

Instant Relief When Nose and Head are Clogged from a Cold. Stops Nasty Catarrhal Discharges. Dull Headache Vanishes.

Try "Ely's Cream Balm." Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning! the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of

the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

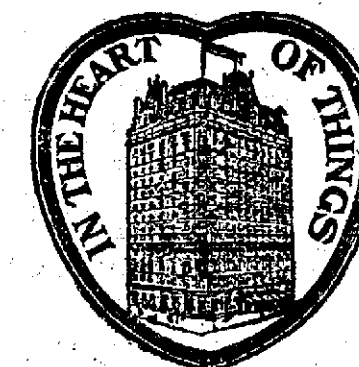

Don't lay awake to-night struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous droppings into the throat, and raw dryness, is distressing but truly needless.

Put your faith—just! once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

STRICT TRAINING

FOR THE SOLDIERS

NOW AT EL PASO

(ASSOCIATED PRESS TELEGRAM)
 El Paso, May 7.—The division of
 United States troops under Brig. Gen.
 John J. Pershing, gathered here has
 gone into strict training. No matter
 what the troops may be called upon
 to do, General Pershing is determined
 that they shall be physically fit. Each
 separate command of the big force
 which includes nearly every branch
 of the service except the coast artil-
 lery has been ordered to practice
 marches every other day. These
 marches are made in heavy marching
 order and conditions of troops in the
 field are reproduced as nearly as pos-
 sible. Each hike is three miles long-
 er than the last and this increase will
 be maintained until the men are
 marching 30 miles a day.

Free Contest Coupons And Catalogues

This offer is good to and including May 9th only.

Special offer to old and new subscribers gives opportunity to enter \$4,000 Booklovers' contest now without extra cost. Time extended to May 18 for purchase of coupons will enable anyone to start now and win. Solutions may be submitted from May 19 to 30. Read this special offer which will interest you if you are now in the contest and will interest those who have not yet started to solve the pictures.

The seventieth or last picture in the Advocate's \$4,000 Booklovers' contest was printed last Friday but for many people that date marks the beginning instead of the end of the big contest.

The demand for complete sets of the picture coupons and catalogues Saturday and today shows that many people have been waiting for publication of the last picture before starting to work for the prizes.

The sale of coupons and catalogues will continue until 6 o'clock p. m., Monday May 18th. Letters postmarked not later than May 18 containing orders for coupons will be filled if accompanied by remittance.

Beginning May 19 and continuing up to May 30 contestants may submit their solutions. No solution will be accepted after 8 p. m. Saturday May 30, but all solutions bearing out of town postmarks of May 30 or earlier date will be accepted.

Beginning June 1st, the correct answers to the pictures will appear in this newspaper and as soon as it is possible to do so the names of the winners will be announced and the 136 prizes will be awarded.

Thus it will be seen that contestants and those who are yet to enter the contest will have until May 18 in which to obtain coupons, and then all have twelve more days in which to fill out the coupons and submit their answers.

Here is a special offer to both old and new subscribers: With a six months paid in advance subscription by carrier delivery (\$2.25) we will give a complete set of coupons and a catalogue worth \$1.65, and with a year's mail subscription (\$2.50) we will give a complete set of coupons and a catalogue. This offer is made to both old and new subscribers, but in case of old subscribers, full payment of subscription to date must be made as well as advance payment as stated. This offer will enable those who are now in the contest to obtain an extra set of coupons without cost and will enable one who is not now in the contest to get in without a cent of expense so far as the contest is concerned. It is an offer that is made to all residing in the contest territory, and makes it easy for anybody to go into the big contest now and win. This offer is open only to Saturday, May 9. There is plenty of time to enter the contest now if you are prompt. Coupons may be obtained up to May 18. No solutions are to be sent in until the coupon selling stops and all solutions must be sent to the Advocate by May 30.

The contest binders will be ready May 5. Price 15 cents each. By mail 17c.

The time is growing short, but there is plenty of time for you to get in this contest now and win if you get busy now.

If you are served by a carrier boy, pay six months in advance and get a full set of coupons and a catalogue free. If you are served by mail, pay a year in advance and get a full set of coupons and a catalogue free. The Advocate will appreciate it if you will show this offer to your friends who may not be in the contest at the present time. This special offer is positively not good after May 9.

icans are safe. This information came in a dispatch from the British vice consul at Guadalajara to the British embassy today.

The dispatch to the British embassy was sent in response to an inquiry about conditions at the Cinco mines and the safety of Americans there. It reads:
"Bullion buried. Concentrates stored. Both safe. Americans all safe. One American and two British killed at other mine in Jalisco. All mines shut down completely. Ransdell and seven Americans cut off by bandits at Mascota and Huachinango. Only fifteen Americans in Jalisco."

The dispatch did not mention the names of the Americans and British killed. Disquieting news also was received at the embassy from Tampico. Both federals and constitutionalists threaten to interfere with the British and American oil operators who were returning to the oil districts to resume operations under the promise of protection from both sides. The Mexicans have notified the British commander that no one will be allowed to land unless all warships are withdrawn.

"Some smallpox prevails, but the city is in fair sanitary condition and fairly healthy at present," is the substance of a cable received by the Red Cross from Charles Jenkins, who has just arrived at Vera Cruz and taken charge of relief operations. Mr. Jenkins, however, is apprehensive of more sickness with the advent of the rainy season and has called for large supplies of quinine, typhoid and smallpox vaccine virus. Meanwhile his urgent work is to facilitate the departure of refugees.

(Associated Press Telegram)

Washington, May 7.—Carranza's attitude toward mediation which temporarily, at least, has eliminated the constitutionalist chief from general negotiations aimed at settlement of Mexico's ills, was declared today to have been revealed today by his official report of a vigorous rebel military campaign marked by significant victories. His declaration to submit his country's internal troubles to preliminary mediation was based in part, at least, on rebel success in a sweeping southward movement, constitutionalist reports said here today.

While Carranza parleyed with the South American envoys over details of their proposals, three powerful forces were hurled against federal strongholds. Reports of the results of the movement Carranza transmitted to Rafael Zubaran, interior minister in the constitutionalist cabinet now in Washington. Summarized today they are:
"Defeat of 3,600 federals at Pensacola, near San Luis Potosi, with the capture of 1,800 prisoners and quantities of arms and ammunition."
"Capture of Acaponeta, Tepic, 1,700 men surrendering. One million rounds of ammunition and quantities of arms taken."
"Capture of field gun, and ammunition from fleeing column that evacuated Monterrey."

The Carranza report did not outline to what extent his forces were opposed. In many quarters there was interpreted as indicating that the rebels encountered little resistance. No casualties on either side were mentioned.
After receipt of his chief's report, Minister Zubaran was emphatic in a forecast that within the next month the rebel armies would be investing Huerta's capital. Villa's victorious Torreon veterans were yet to take part in the new movement. It was believed that the rebel military chief would strike next at Saltillo, where federal troops remained, and in the event of a victory there, that he would hurl his forces at Tampico. Capture of that city would give the constitutionalists a port of entry unaffected by any limited embargo of importation of arms now enforced along the Rio Grande.

Minister Zubaran today estimated that more than forty thousand rebel troops were now in the field. Villa, he said, had 14,000 soldiers in north central Mexico; Gonzales 15,000 men threatening Tampico, and Obregon 15,000 troops operating on the west coast. The rebel minister's outline of the disposition of Carranza's forces was aimed at dissipation of the general idea in the United States that the rebel army consisted mainly of Villa's forces in Chihuahua. He asserted that Zapata's rebels were co-operating with the constitutionalists south of Mexico City.

With Carranza definitely eliminated from mediation negotiations which formerly are to be launched at Niagara Falls, Canada on May 15, the reports of the rebel victories overshadowed all other developments in the Mexican crisis today. The reports came as a surprise to many observers, because it was believed the rebels next move would be aimed at Saltillo. News of a sweeping victory far south of that point was taken to indicate the rebels had silently moved and fought first, and reported afterward. General belief was expressed that Carranza hoped to continue the campaign until the three powerful forces converged to hammer simultaneously at the gates of Mexico City. To what extent Huerta would be able to combat the proposed advance, and what possible effect it might have on mediation proceedings between the United States and the Mexican federals was widely discussed here today.

An interesting side light on events at Tampico was shown today in the report of the American consul there transmitted to the navy department by Rear Admiral Mayo. "On May 1, the Mexican government announced through General Zaragoza that an armistice had been agreed to by the federal government and the United States and also by the constitutionalists," the report stated.

The reason for the armistice was given out to be on account of mediation. This news was received joyfully and even hopefully by the general public which appears to be in favor of peace if secured with honor and dignity to the Mexican govern-

ments. The Americans and their money are sadly missed and responsible persons would greatly favor a peace arrangement which would permit the wheels of business to run again."

From that report was supposed to have originated rumors that the federals and rebels had arranged a suspension of hostilities about Tampico. Navy department advices today stated that heavy firing heard near Tampico Tuesday forenoon now had quieted.

While the reports of Carranza's successes were discussed here today the South American envoys went ahead with their arrangements for the beginning of the preliminaries of mediation near the Canadian border May 18. With a retinue of secretaries they will leave Washington May 14. Huerta's three representatives are expected to reach Puerto Mexico from the federal capital on their way to the United States today. The United States mission is not expected to be announced until later this week.

While Brigadier General Funston had been authorized to extend his lines at Vera Cruz for defensive purposes if that became necessary, yet the situation there today was reported to remain unchanged. No further reinforcements have been ordered to the Mexican port, and, there was no indication that General Wood intended to go to the front to take supreme command of the occupation forces.

The navy department today issued a report describing work accomplished by the navy aeroplanes at Vera Cruz.

"The live way in which the work was done is typical of the navy aviators," the report said. "After making a record in getting away when ordered into service from Pensacola, the Mississippi under command of Lieut. Commander H. C. Mustin, arrived at Vera Cruz at 9 p. m. Friday April 24. At daylight the next morning, the Mississippi anchored in a berth assigned by Rear Admiral Badger and five minutes after the anchor was dropped, Lieut. Bellinger was in the air in a 'flying boat' and making a scouting trip. Both aeroplanes on board were ready the night before and could have immediately taken to the air. It was necessary however, to report to Admiral Fletcher on shore and get his orders for scouting."

"The next day Sunday, a station on the beach inside the breakwater was established, and flights were made daily. Railroads, bridges, and the Mexican troops were located. Portions of the railroad were found torn up, and some bridges burned. It was definitely determined that there were no mines in the harbor. Lieut. R. C. Sudley and Ensign Stotz, were the assistant aviators to Lieutenant Bellinger and made maps and reports."

Confirmation of the capture of the entire federal garrison at Acaponeta, Tepic, by the constitutionalist forces reached the state department today in a report from Consul Agent W. Keyes, at Rosario.

Ten members of the Smith family in jail at Tonala, Chiapas, are in danger of their lives because of Mexican resentment of their part in the recent killing of three Mexicans at San Pedro according to a report today from Minister Leavelle, in Guatemala. The Mexicans were members of a rural guard and invaded the Smith home at San Pedro to disarm the occupants. In the fight which ensued the Mexicans were worsted, but the Americans were later arrested.

American consular agent Montague has reopened the American consulate at Cananea, Sonora, according to a report to the state department today from consul Simpich. He also reports that sixty American refugees have returned to Cananea and that the movement of American refugees from the South has ceased.

The French government is taking active steps to obtain news and secure the safety of John R. Silliman, American vice and deputy consul at Saltillo, who disappeared while on a mission to San Luis Potosi. French consular agents in Mexico were instructed to look out for Mr. Silliman and the French charge d'affaires at Mexico City made representations to General Huerta about him.

A dispatch received at the French embassy here states that President Huerta in reply assured the charge that orders would be given to the federal commanders to protect Mr. Silliman in every way. The charge added, however, that telegraphic communication with Silliman was interrupted and it was doubtful whether any news concerning Mr. Silliman could get through.

CAUSE AND EFFECT

Good Digestion Follows Right Food.

Indigestion and the attendant discomforts of mind and body are certain to follow continued use of improper food.

Those who are still young and robust are likely to overlook the fact that, as dropping water will wear a stone away at last, so will the use of heavy, greasy, rich food, finally cause loss of appetite and indigestion.

Fortunately many are thoughtful enough to study themselves and note the principle cause and effect in their daily food. A N. Y. young woman writes her experience thus:
"Sometime ago I had a lot of trouble from indigestion, caused by too rich food. I got so I was unable to digest scarcely anything, and medicines seemed useless."

"A friend advised me to try Grape-Nuts food, praising it highly and as a last resort, I tried it. I am thankful to say that Grape-Nuts not only relieved me of my trouble, but built me up and strengthened my digestive organs so that I can now eat anything I desire. But I stick to Grape-Nuts."

PRACTICE GAME WITH DENISON AT WHITE FIELD

In a practice game with Denison University on the White Athletic field Wednesday afternoon the local high school team was defeated by a score of 12 to 2. This is the first game of the season for the local boys who have been working out daily.

The first regular game will be played with North High school of Columbus on the White Athletic field next Saturday afternoon. In addition to the base ball game next Saturday there will be a track meet and a tennis tournament, all with

North High. While Newark was defeated Wednesday by their college opponents it should not be construed that the local boys are weak this year. On the other hand they have a very good chance to win over North High.
